

HENC - Polyolefin cable capes (PCC) Adhesive lined heat shrinkable polyolefin cable caps

Features & Benefits:

- Rugged installation
- Resistant to common fluids & chemicals
- Seals & protects cable ends from the environmental effects

Applications:

Adhesive lined heat-shrinkable polyolefin cable caps used to seal the ends of plastic, rubber and paper insulated cables from moisture, dirt and corrosion. Cable caps are internally coated with a hot-melt adhesive.

They can be used on cables up to 0.05 MPa internal pressure between -30°C and 70°C . Each cable cap covers a wide range of cable sizes as shown in the table below:

Standard Colours & Colour Codes

Black - 0

Notes: Dimensions supplied in mm
 A = As supplied
 B = After free recovery
 ADH = Adhesive Lined
