

CEMBRE

CBLIGHT Portable LED lights

The **CEMBRE CBLIGHT (CBL) series offers a complete range of LED lights:** highly practical and functional torches, lamps and portable spotlights.

Compact and easy to use, the CBLIGHT series lights are a **practical solution** in any situation **where quick and efficient wireless lighting is required.**

The magnetic supports make CBLights **useful for all outdoor activities, on construction sites and in emergency situations,** ideal in the car, at home or in the office.

The built-in rechargeable battery guarantees durability and low consumption thanks to lithium polymer cells (Li-POLY), more advantageous than traditional lithium-ion (Li-ION) cells.

The high **IP protection** combined with the solid shockproof and non-slip rubber construction make the CBL series extremely robust and safe.

Adjustable table support

High water resistance

High impact protection

High efficiency LED lights

Double light intensity

Power bank function

WHY CHOOSE CEMBRE CBLIGHT?

The range consists of **COMPACT, PORTABLE, FLOOR AND TABLE TOP** devices

- **EFFICIENT**, COB (chip on board) LED technology
- **BRIGHT**, 150-3000 lumens
- **LOW CONSUMPTION**, from 2.5-10h battery life and high energy rating
- **ERGONOMIC** and lightweight, bi-component plastic handles
- **PRACTICAL**, double light point, with adjustable magnetic support and built in suspension hook
- **ALWAYS READY** with wireless charging
- **FUNCTIONAL** as a power bank

CBL01 / POCKET TORCH

CBL01

The handy CBL01 torch is the size of a pen and is equipped with a double light point to illuminate small work areas.

The side light allows you to illuminate the area while leaving it in your pocket, while the front light allows you to inspect less accessible areas.

The clip is equipped with a magnet allowing it to be attached to any metal surface, freeing the operator's hands.

Supplied with USB charging cable.

Type	Lumen Front / Flashlight	Duration Front / Flashlight	Energy Class	Magnetic Support	Charging Method	Degree of Protection	Operating Temperature Range °C	Body Material	Lamp Material	Dimensions mm	Weight g	Quantity
CBL01	150 / 70	2,5 / 3,5 h	A++	Si	USB	IP20	-10 / +40	ABS	PC	160 x 15 x 20	38	1
CBL02-W	400 / 80	3 / 5 h	A++	No	USB / Wireless	IP54	-10 / +40	ABS+PC	PC	78 x 39 x 36	105	1

CBL02-W / HEAD TORCH

CBL02-W

Ideal for any indoor or outdoor activity requiring localised lighting and freedom of action, the CBL02-W head torch is equipped with a touch sensor allowing operation even whilst wearing gloves. The light intensity can be modulated via the dimmer function helping to preserve battery life.

The CBL02-W is a versatile head torch adjustable by means of an elastic band to fit work helmets of various sizes.

Supplied with USB charging cable and charger.

CBL03-W / MULTIPURPOSE LAMP

CBL03-W

The CBL03-W multi-purpose lamp is a mini-lamp that can be used on a table or hung on metal surfaces thanks to the handy magnet or the suspension hook.

It is equipped with an ergonomic non-slip handle to make it easy to use.

The 2 light points with dimmer function allow you to modulate the intensity and battery life as needed. The compact design makes it ideal as a pocket lamp for storage in a jacket pocket or work trousers.

Supplied with USB charging cable and charger.

Type	Lumen Front / Flashlight	Duration Front / Flashlight	Energy Class	Magnetic Support	Charging Method	Degree of Protection	Operating Temperature Range °C	Body Material	Lamp Material	Dimensions mm	Weight g	Quantity
CBL03-W	300 / 100	3 / 6 h	A++	Si	USB / Wireless	IP65	-10 / +40	ABS	PC	133 x 68 x 25	190	1
CBL04-W	600 / 100	2,5 / 8 h	A++	Si	USB / Wireless	IP54	-10 / +40	ABS	PC	175 (325 max) x 44 x 38	246	1

CBL04-W / SPACE-SAVING FLOOR LAMP

CBL04-W

The most versatile of the family is the CBL04-W, which has a double light point, 2 dimmable light intensities, a rotatable and foldable stem and allows ideal lighting in all conditions.

The double magnetic support and the suspension hook allow the lamp to be secured anywhere with ease.

Designed to be easy to carry in a bag or trouser pocket whilst also offering excellent battery life and low weight portability.

The compact design ensures the CBL04-W is the ideal solution for inspecting difficult to reach areas.

Supplied with USB charging cable and charger.

CBL07 / PORTABLE SPOTLIGHT FOR LARGE WORK ENVIRONMENTS

3000
LUMEN

IP65

PLUG UK

CBL07

The diffused light emitted by the CBL07 spotlight enables the illumination of large areas.

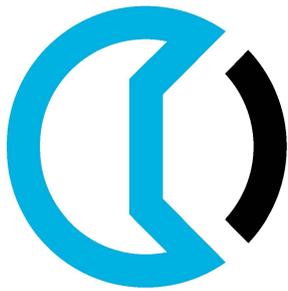

Light, practical and sturdy, this spotlight is quick to install.

The power bank function allows small devices to be charged via the USB output, useful for emergency situations.

Supplied with charger.

Type	Lumen	Duration	Energy Class	Magnetic Support	Charging Method	Degree of Protection	Operating Temperature Range °C	Body Material	Lamp Material	Dimensions mm	Weight g	Quantity
CBL07	3000 / 1500	3 / 6 h	A+	No	Power Plug	IP65	-10 / +40	ABS	PC	277 x 213 x 86	1400	1
BCB1-W	-	-	-	Si	USB / Wireless	IP20	-10 / +40	ABS	-	105 x 106 x 18 (single)	190	1
BCB2-W	-	-	-	Si	USB / Wireless	IP20	-10 / +40	ABS	-	202 x 106 x 18 (double)	270	1
