

KD-15/250 - Heavy Duty Hot Knife Cutter

KD-15/250 heavy duty cutter cuts the rope with the diameter as 2cm. Suitable to cut and seal the edges of synthetic fabric. (Such as cords, ropes, bands and belting fabric). When fitted with a cutting foot the combined tool is especially effective for cutting synthetic fibre rope, fabric. (Such as sail cloth, awnings and filter cloth).

The power supply depart from the handheld part, the handheld part only weighing 250g. The cutter is suitable for long time operation, no heating at the handheld part, effortless and heavy duty cutter!

The cutter gives a clean neat cut that also prevents rope/braid from fraying.
